

AUSTRALIAN HIGH COMMISSION PRETORIA

DIRECT AID PROGRAM

1. What is the Direct Aid Program (DAP)?

DAP is a small grants scheme designed to assist community organisations working in fields such as poverty alleviation, education, sanitation, health, human rights, rural development and conservation.

Project eligibility: Projects must have a tangible and direct development outcome. Priority will be given to proposals that help alleviate poverty in a sustainable way; contribute to skills development; promote women's social and economic empowerment; address significant community health issues; and/or support the needs of children, youth, disabled persons and other disadvantaged groups.

Activities must be able to be fully implemented and acquitted over one or two financial years (Note: the Australian financial year runs 1 July – 30 June).

Organisations eligible for funding include non-government organisations (NGOs), not-for-profit organisations (NPOs) and local government agencies.

DAP funds are project based and ARE NOT used for items such as: salaries, purchase of property (including vehicles, land, or a building), rent, electricity charges, transport, international travel, office running costs, other administrative and organisational costs such as general promotion or monitoring and evaluation, micro-credit schemes, commercial ventures or cash donations. Funds are also generally not used for building or construction purposes.

Funding limit: You can apply for funding of any amount up to **A\$60,000** (equivalent to approximately R570 000 depending on currency fluctuations) per project. Funding for activities over A\$30,000 may be provided in more than one tranche.

2. How do we apply for funding?

1. Complete the Proposal Application (below).
2. Attach requested information including any invoices / quotes for the items outlined in your proposal. (DAP normally operates by funding specific quotations. If this does not apply to your project please ensure that your proposal has a complete budget.)
3. Mail, fax or email your proposal to: Direct Aid Program Coordinator, Australian High Commission, Private Bag X150, Pretoria 0001, SOUTH AFRICA; Fax: +27 (0)12 342 4202; dap.pretoria@dfat.gov.au (Note: email submission is preferred)

3. What happens after a proposal has been submitted?

Applications for DAP funding are screened by the DAP Coordinator. Short-listed projects are then considered by the DAP Committee, which meets two times a year (usually in August and November). Projects approved by the Committee are then forwarded to the High Commissioner for final approval.

If we have to ask you for further information, this can significantly delay your proposal, so it is important that you read the guidelines carefully, complete your proposal and attach invoices.

We receive more applications than we are able to fund, so please understand if we are unable to support your application. We are unable to respond with feedback in writing to all proposals that are not considered suitable for funding.
